CONNECTING PEOPLE TO SERVICES,
TRAINING & REFERRALS.

OUR STORY

HELP of Southern Nevada was started by the Junior League of Las Vegas and was incorporated in 1970. It is a 501(c) (3) organization that has grown exponentially since our inception, from an organization that served fewer than three hundred people a year, to one that will serve over 55,000 unduplicated people in a fiscal year.

HELP of Southern Nevada responds to the changing needs of our growing community. We strategically expand our programs and refine our service delivery systems to better serve the poor, the homeless and those in crisis who come to us as a place of last resort. We pride ourselves on being 100% local and 100% accountable and engaging other organizations through collaboration to achieve maximum impact with the services we provide and the clients we serve.

FUTURE VISION

HELP Street – A One-Stop Social Service Campus

Our 5-year dream and the realization of HELP Street will dramatically improve and increase the access to critical services for individuals and families, and raise the public's awareness of the important work being done to assist the most vulnerable in Southern Nevada. HELP street will be made up of a number of buildings located on the same site on East Flamingo, where a variety of services will be available to clients who come to HELP as a last resort. The expansion of services will allow us to offer new services and expand our existing programs.

There are ways you can give and help us realize our dream.

"This move, this expansion, just makes sense for all of us, and for our community. With more square footage we can offer space to other nonprofits to provide more services, as well as, expand HELP'S capacity. We can make even more of an impact, one person at a time."

– Terrie Stanfill, CEO of HELP of Southern Nevada.
